To see if the Town will vote to amend the By-laws of the Town of Lenox, Massachusetts by deleting in its entirety Chapter XIX CAPITAL IMPROVEMENT PROGRAM, and replacing it with the following:

CHAPTER XIX
CAPITAL IMPROVEMENT PROGRAM AND PERMANENT
BUILDING COMMITTEE

Section 1. There shall be a Five Year Capital Improvement Program (CIP) for land purchases, construction or renovation of buildings, major equipment or machinery purchases, road and drainage reconstruction, and the construction and reconstruction of special facilities such as sewer and water mains and water treatment and sewage disposal facilities.

The Town Manager shall prepare the CIP and submit it to the Board of Selectmen and the Finance Committee together with his operating budget request as required by Town bylaws. To the extent that the CIP contains a building project that falls under the jurisdiction of the Permanent Building Committee (PBC), the proposal(s) for said project shall be submitted to the PBC at the same time that the CIP is submitted to the Board of Selectmen and the Finance Committee.

The Board of Selectmen, with assistance from the Town Manager, shall determine what constitutes a capital item for inclusion in the CIP and inform all departments of the applicable criteria and any related definition(s). The Board of Selectmen shall work closely with the Finance Committee in establishing what amounts of money will be dedicated to the Town's capital needs and shall make specific recommendations for the funding of each project in the CIP.

Each year's amendments to the CIP will allow the Board of Selectmen and Town Manager to make adjustments in cost estimates, to add new projects or to delete proposed projects.

Section 2. There shall be a Permanent Building Committee (PBC) that shall make recommendations on building and related land acquisition projects to Town Meeting, as well as manage design and construction of

major building projects. The Permanent Building Committee shall consist of five voting members and the Town Manager as follows:

- 1) A Selectman, appointed by the Board of Selectmen, who will serve as chair of the Permanent Building Committee;
- 2) Four town residents, appointed by the Board of Selectmen, at least one of whom shall have experience in the management of construction activities and at least one of whom shall have experience as a designer, architect or engineer.
- 3) The Town Manager shall serve as an ex-officio non-voting member.

And the Board of Selectmen shall charge the Committee with the duty to recommend approval/disapproval of all major building projects presented to Town Meeting. Major building projects are defined as any construction, addition, or renovation of any building for which an appropriation is sought in excess of \$100,000 or any acquisition or disposition of property which contains existing building(s) or on which a public building is proposed. However, the PBC will not have jurisdiction over a major building project for which appointment of a School Building Committee (SBC) is required under regulations promulgated by the Massachusetts School Building Authority, or any successor agency of the Commonwealth. In such cases, the SBC will perform the function ordinarily performed by the PBC.

The funds for the design and construction of a major building project shall be appropriated to, and expended under the direction of, the PBC which will supervise the construction of the project. Supervision of a major building project shall include, but not be limited to, the following activities:

- a) Designer selection under Chapter 7C of the General Laws (architects, engineers and other related professionals);
- b) Procuring services of "Related Professionals" as defined in Chapter 30B, Section 2 of the General Laws;
- c) Soliciting bids from and supervising contractors selected under Chapter 149 of the General Laws;

- d) Soliciting bids from and supervising contractors selected under Chapter 30, Section 39M of the General Laws (public works facilities); and
- e) Appointing an Owner's Project Manager (OPM) where required by the General Laws or whenever the PBC determines the appointment of an OPM is in the best interest of the Town.

The PBC, at its sole discretion and by majority vote, may delegate portions of the supervision of a major building project to the Town Manager or the Superintendent of Schools. The PBC will establish its own rules and procedures for supervising major building projects.

Members of the PBC shall serve terms of three years and may be removed from office only for cause after a hearing.

Or take any other action in relation thereto.

ARTICLE 19.

To see if the Town will vote to amend the Lenox Zoning Bylaw by clarifying language, making technical changes to several sections of the Zoning Bylaw, adding new uses, definitions and new standards for home occupation, which copy of all such amendments is on file with the Town Clerk and available for public inspection; or take any other action in relation thereto.
