- 1.2** For the purposes and reasons set forth in the Massachusetts General Laws Chapter 40 C, as most recently amended, hereinafter cited as the HISTORIC DISTRICT ACT; except for the ordinary maintenance, repair or replacement of any architectural feature which does not involve a change in design, material, or the outward appearance thereof, landscaping with plants, trees, or shrubs, or meeting requirements certified by a duly authorized public officer to be necessary for public safety because of unsafe or dangerous condition, no building or structure within the Historic District shall be constructed or altered in any way that affects its exterior appearance, unless the Lenox Historic District Commission shall first have issued a Certificate of Appropriateness, a Certificate of Hardship, a Certificate of Non-Applicability, or the commission's review is limited by Section 9 below with respect to such construction or alteration.
- 1.3** The provisions of this bylaw shall be deemed to be severable. If any of its provisions shall be held to be invalid or unconstitutional by any court of competent jurisdiction, the remaining provisions shall continue in full force and effect.
- 1.4** In case of any conflict between the wording of this text and the Massachusetts General Laws, the Massachusetts General Laws shall govern.
- 1.5** Where this bylaw imposes a greater control than is imposed by other bylaws of the Town of Lenox, the provisions of this bylaw shall govern.

Therefore, the concurring vote of a minimum of three (3) members of the Commission shall be necessary to issue a Certificate of Appropriateness, a Certificate of Non-Applicability or a Certificate of Hardship.

6 CERTIFICATES

- 6.1 Appropriateness** - If the Commission determines that the construction or alteration for which an application for a Certificate of Appropriateness has been filed will be appropriate for, or compatible with, the preservation or protection of the Historic District, the Commission shall cause a Certificate of Appropriateness to be issued to the applicant. In the case of a disapproval of an application for a Certificate of Appropriateness, the Commission shall place upon its records the reasons for such determination and shall forthwith cause a notice of its determination, accompanied by a copy of the reasons therefor as set forth in the records of the Commission, to be issued to the applicant, and the Commission may make recommendations to the applicant with respect to appropriateness of design, arrangement, texture, material and similar features. Prior to the issuance of any disapproval, the Commission may notify the applicant of its proposed action accompanied by recommendations of changes in the applicant's proposal which, if made, would make the application acceptable to the Commission. If, within fourteen (14) days of the receipt of such notice, the applicant files a written modification of his or her application in conformity with the recommended changes of the Commission, the Commission shall cause a Certificate of Appropriateness to be issued to the applicant.
- 6.2 Non-Applicability** -In the case of a determination by the Commission that an application for a Certificate of Appropriateness or for a Certificate of Non-Applicability does not involve any exterior architectural features, or involves an exterior architectural feature which is not then subject to review by the Commission, the Commission shall issue a Certificate of Non-Applicability to the applicant.
- 6.3 Hardship** - If the construction or alteration for which an application for a Certificate of Appropriateness has been filed shall be determined to be inappropriate, or in the event of an application for a Certificate of Hardship, the Commission shall determine whether, owing to conditions especially affecting the building or structures involved, but not affecting the Historic District generally, failure to approve an application will involve a substantial hardship, financial or otherwise, to the applicant and whether such application may be approved without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this bylaw. If the Commission determines that owing to such conditions, failure to approve an application will involve

substantial hardship to the applicant and approval thereof may be made without such substantial detriment or derogation, or, in the event of failure to make a determination on an application within sixty (60) days after the filing of the application, the Commission shall cause a Certificate of Hardship to be issued to the applicant.

- 6.4 Filing** - The Commission shall file with the Town Clerk and with the Building Commissioner a copy or notice of all certificates and determinations of disapproval issued by it. Each certificate issued by the Commission shall be dated and signed by its chairperson, or such other person designated by the Commission to sign such certificates on its behalf.

7 APPLICATIONS

- 7.1** No building or structure within the Historic District shall be constructed or altered in any way that affects its exterior appearance and no permit for demolition or removal of a building or structure within an Historic District shall be issued by a city or town or any department, unless the Lenox Historic District Commission shall first have issued a Certificate of Appropriateness, a Certificate of Hardship, a Certificate of Non-Applicability, or the Commission's review is limited by Section 9 below with respect to such construction or alteration.
- 7.2** Any person who desires to obtain a certificate from the Commission shall file with the Commission an application for a Certificate of Appropriateness, a Certificate of Non-Applicability or a Certificate of Hardship, as the case may be, in such form as the Commission may reasonably determine, together with such plans, elevations, specifications, material and other information, including in the case of demolition or removal a statement of the proposed condition and appearance of the property thereafter, as may be reasonably deemed necessary by the Commission to enable it to make a determination on the application.

8 POWERS AND DUTIES

- 8.1** In passing upon matters before it, the Commission shall consider, among other things, the historic and architectural value and significance of the site, building or structure, the general design, arrangement, texture, material and color of the features involved, and the relation of such features to similar features of buildings and structures in the surrounding area. In the case of new construction or additions to existing buildings or structures, the Commission shall consider the appropriateness of the size, scale and shape of the same in relation to the land area upon which the building or structure is situated, to adjacent buildings and structures and to buildings and structures in the surrounding area. The commission shall not consider interior arrangements or architectural features not subject to public view.
- 8.2** When ruling on applications for certificates of appropriateness for solar energy systems, as defined in Massachusetts General Laws Chapter 40A Section 1A, the commission shall also consider the policy of the commonwealth to encourage the use of solar energy systems and to protect solar access.

- 8.3** The Commission may, in appropriate cases, impose dimensional and setback requirements in addition to those required by applicable bylaw.
- 8.4** Before the reconstruction of a building, structure or exterior architectural feature damaged or destroyed by fire, storm or other disaster, a Certificate of Appropriateness must be obtained from the Commission.
- 8.5** The Commission may determine from time to time after public hearing that certain categories of exterior architectural features, colors, structures or signs, may be constructed or altered without review by the Commission without causing substantial derogation from the intent and purposes of this chapter.
- 8.6** The Commission may, after public hearing, set forth in such manner as it may determine, the various designs of certain appurtenances, such as light fixtures, which will meet the requirements of a Historic District, but no such determination shall limit the right of an applicant to present other designs to the Commission for its approval.
- 8.7** The Commission shall require appropriate drawings to show the nature and extent of proposed construction or alterations.
- 8.8** The Commission may, subject to appropriations, employ clerical and technical assistants or consultants and incur other expenses appropriate to the carrying out of its work, and may accept money gifts and expend same for such purposes.
- 8.9** The Commission may administer on behalf of the Town any properties or easements, restrictions or other interests in real property which the Town may have or may accept as gifts or otherwise and which the Town may designate the Commission as the administrator thereof.
- 8.10** The Commission shall have, in addition to the powers, authority and duties granted to it by this bylaw, such other powers, authority and duties as may be delegated or assigned to it from time to time by vote of a Town meeting.
- 8.11** The Commission shall keep a permanent record of its resolutions, transactions and determinations and of the vote of each member participating therein, and may adopt and amend such rules and regulations not inconsistent with the provisions of the Historic District Act and prescribe such forms as it shall deem desirable and necessary for the regulation of its affairs and the conduct of its business. The Commission shall file a copy of any such rules and regulations with the Town Clerk.

9 LIMITATIONS

- 9.1** The commission shall not make any recommendation or requirement except for the purpose of preventing developments incongruous to the historical aspects or the architectural characteristics of the surroundings and the Historic District.

The following shall not be subject to review by the commission:

- a. ordinary maintenance, repair or replacement of any architectural feature which does not involve a change in design, material, or the outward appearance thereof;

 - f. the color of paint;
 - g. the color of materials used on roofs;
 - h. temporary structures or signs, subject, however, to such conditions as to duration of use, location, lighting, removal and similar matters as the commission may reasonably specify;
 - i. storm doors and storm windows, screens, window air conditioners, antennae and similar appurtenances.
- 9.2** Upon request, the commission shall issue a Certificate of Non-Applicability with respect to construction or alteration in any category then not subject to review by the Commission.

10 PUBLIC HEARINGS

- 10.1** Meetings of the Commission shall be held at the call of the chairperson or shall be called at the request of two (2) members of the Commission or in such other manner as the Commission shall determine in its rules. A majority of the members of the Commission shall constitute a quorum. The concurring vote of a majority of the members of the Commission shall be necessary to issue a Certificate of Appropriateness, a Certificate of Non-Applicability or a Certificate of Hardship.

- 10.2** The Commission shall determine promptly, and in all events within fourteen (14) days after the filing of an application for a Certificate of Appropriateness, a Certificate of Non-Applicability or a Certificate of Hardship, as the case may be, whether the application involves any exterior architectural features which are subject to approval by the Commission. If the Commission determines that such application involves any such features, the Commission shall hold a public hearing on such application unless such hearing is dispensed with as hereinafter provided.
- 10.3** The Commission shall fix a reasonable time for the hearing on any application and shall give public notice of the time, place and purposes thereof at least fourteen (14) days before said hearing in such manner as it may determine, and by mailing, postage prepaid, a copy of said notice to the applicant, to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as they appear on the most recent real estate tax list of the Board of Assessors, to the Planning Board of the Town, to any person filing written request for notice of hearings, such request to be renewed yearly in December and to such other persons as the Commission shall deem entitled to notice.
- 10.4** As soon as convenient after such public hearing, but in any event within sixty (60) days after the filing of such application, or within such further time as the applicant may allow in writing, the Commission shall make a determination on the application. If the Commission shall fail to make a determination within such period of time, the Commission shall thereupon issue a Certificate of Hardship.
- 10.5** A public hearing on an application need not be held if such hearing is waived in writing by all persons entitled to notice thereof.
- 10.6** In addition, a public hearing on an application may be waived by the Commission if the Commission determines that the exterior architectural feature involved or its category, as the case may be, is so insubstantial in its effect on the Historic District that it may be reviewed by the Commission without public hearing on the application. If the Commission dispenses with a public hearing on an application, notice of the application shall be given to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as above provided, and ten days shall elapse after the mailing of such notice before the Commission may act upon such application.

11 ENFORCEMENT

- 11.1** No building permit for construction of a building or structure or for alteration of an exterior architectural feature within the Historic District and no permit for demolition or removal of a building or structure within the Historic District shall be issued by the Town or any department thereof until the certificate required by this section has been issued by the Commission.

The finding of the person or persons making such review shall be filed with the Town Clerk within forty-five (45) days after the request, and shall be binding on the applicant and the Commission, unless a further appeal is sought in the Superior Court as provided in the following section.
- 12.2** Any Person Aggrieved by a determination of the Commission, or by the finding of a person or persons making a review may, within twenty (20) days after the filing of such determination with the Town Clerk, appeal to the Berkshire Superior Court sitting in equity. The remedy provided by this section shall be exclusive; but the parties shall have all rights of appeal and exception as in other equity cases.
